① 2857/111

From
The Mh. Commr Mysore city - 111
(thro the Secretary)

Cl DR. 631/S.4-55 dt 9 7 56

Rejects orders - dt for increasing the supply by increasing about 4 000 lengths of pipes from Messrs Pandit & Co, or Indian Iron & Steel Co Ltd or from indenting both for the water supply improvements works in Mysore city.

The letter of the Commr Mysore city - 111 is for personal The Commr (Mh) is requested that the present supply of pipes to Mysore city - is inadequate - There are complaints - from all corners of the city - about faulty - distribution of water - because the capacity - of the present lines is too inadequate to serve the various branches taken up. The 111 cr have therefore

(2) 2857/11

Purchase of 3" C I pipes — Mysore Govt Mg passed a resolution dated 6.7.54 to place orders for the supply of 4,000 length of 3" C I pipes with Messrs Pandit & Co or Indian Iron & Steel Co Ltd, or from both; required for the water-supply improvement works in Mysore City - to obviate the water supply difficulties It was also stated that the supply from the local firms would result in inordinate delay and therefore the Managing Committee recommended that these pipes may be purchased either from Messrs Pandit & Co or from Messrs, The South-Indian Export Co Ltd Madras who have already tendered for the supply of pipes

2) The Secretary, Stores Purchase Committee may kindly be consulted in the matter

CITY MUNICIPAL COUNCIL,
P B No 17
Mysore, Dated—9th July 1954

FROM

THE MUNICIPAL COMMISSIONER,
City Municipal Council
MYSORE

Sri PRA
To 1747

12 JUL 1954

The Secretary to Government,
L.S.G. & Planning Departments,
Bangalore 1
(Through the President)

Sir,

C.M 42-54-33 1747

Subject: Purchase of 3" C I pipes

For the last few years, several estimates received from the Water supply Department have been sanctioned by the council for improving water supply in various areas in the city But most of them could not be taken up by the Water Supply department on accoun of p the paucity of 3" C I pipes Complaints about faulty distribution are on the increase, as in several places the capacity of the present lines is too inadequate to serve the various branches taken from them Though the Council has sanctioned these estimates, the Water Supply Department is not in a position to take them up in the immediate future So far these pipes were being obtained from the General Manager, Mysore Iron & Steel Works, Bhadravati, at the rates fixed by S P.C But the Mysore Iron & Steel Works are unable to supply the required quantity In this behalf reference also was made to Bhadravati and in reply the General Manager has stated that the entire quota for such works has been placed at the disposal of the Superintending Engineer, Sanitary Circle The Superintending Engineer Sanitary Circle could not increase the quota for Mysore as there are other works pending execution in the various parts of the State

In these circumstances, enquiries were instituted to find out whether such pipes could be obtained from private sources A reference was also made in this behalf to the S P C as it was understood that he had also called for quotations from local foundries in view of the acute shortage of such pipes in Bangalore A copy of his reply is enclosed

References were made to the persons who had quoted to the S P C But they all pleaded that they would be able to take up work after they have executed the order placed by the S P C

In response to our enquiry, the South Indian Export Co. Ltd , Madras and Messrs Pandit & Co , Bombay, also furnished their prices A comparative statement of the prices quoted by these firms and the firms mentioned in the letter of the Secretary, S P.C. are enclosed

As the supply from the local firms would result in inordinate delay, the question of obtaining the same from Messrs Pandit & Co , or the South Indian Export Co ,Ltd , Madras, who are ready to supply pipes at Rs 30-12-0 and Rs 32-9-0 (calculated F.O.R. Mysore) was considered by the Managing Committee In view of the urgency for executing the works (18 works which require 6000 lengths of pipes) the Managing Committee recommended that these pipes may be purchased either from Messrs Pandit & Co ,or from Messrs The South Indian Export Co.,Ltd , Madras This has been approved by the Council at their meeting held on 6-7-54 A copy of the resolution of the council is enclosed

(2)

It is no doubt true that this purchase will result in our paying a higher price than what we would have ~~paid~~ if we purchase them from Bhadravati But as the supply position from Bhadravati is uncertain, the Council feel that they have to resort to direct purchase especially because, though the prices are higher, the municipality saves 12½% which they have been paying to the Water-supply department otherwise as establishment and tools and plant charges on each estimate

In these circumstances I request you kindly to obtain orders of Government permitting the municipal council to purchase about 4000 lengths of pipes (present immediate requirement) from the above firms The order will be distributed between the two after ascertaining the stock position from them

Yours faithfully,

(N Lakshman Rau)
Municipal Commissioner

=====

Re supply of C I pipes of 3" to Mysore Municipality

=====

With reference to the correspondence resting with your D O letter No.CPR. 37/54-55 dated 2nd June 1954 on the above subject, I am directed to state that the question of placing an extension order is still under consideration It depends upon the ability of the firms with whom there is already a contract, to accept extension orders, and also their capacity to comply with the extension orders, if placed, simultaneously with the originally entrusted quantities

Meanwhile, please intimate what quantity of 3" pipes you require for the Mysore City Municipality and in what period you expect them to be supplied Please intimate if you cannot get these requirements of the Mysore City Municipality from the Superintending Engineer, Sanitary Circle, Bangalore, who is in charge of the State Water Supply Schemes and Programme

Sir

No S P C 23916 With reference to your quotation No S [illegible] —823 la ed 9 h April 1954 I write to state that your offer to supply C I Pipes and Specials required for the several Departments of Government and Local Bodies is accepted You may arrange to make supplies against the indents of the several Departments of Government supplies already made on and after 15th June 1954 being billed for at the rates specified b low —

The contract will be current from 15th June 1954 to end of 30th June 1955

		Rate per Cwt F O R Bhadravathi Rs a p
1	C I Pipes with spigot and socket ends in standard lengths viz 3 4 5 and 6 in 9 lengths and 7 to 15 in 12 lengths and above 15 i 16 lengths —	
	(a) 3 to 12 inclusive	20 0 0
	(b) Above 12	22 0 0
2	C I Flanged Pipes in standard lengths	24 0 0
3	C I Standard Specials with spigot and sock t ends	36 8 0
4	Do do with flanged ends	50 0 0
5	C I Unstandard Specials	56 0 0
6	C I Pipes of all sizes S and S tested to hydraulic pressure, but not to standard specifications —	
	(a) 3 to 30 in standard lengths for orders less than wagon loads	19 12 0
	(b) For orders in wagon loads up to 50 tons	19 0 0
	(c) For orders in wagon load above 50 tons	19 0 0
7	C I Scrap Pipes S and S in standard lengths fit for irrigation	17 0 0

Supplies under items 6 and 7 are subject to stocks being available at the time of receipt of indents

Cutting charges —Shorter lengths than standard can also be supplied if available at an extra charge towards cutting as under —

	Rs a p	
Up to 6	2 0 0	per pipe per cut
6 to 12"	2 8 0	Do
Above 12	3 0 0	Do

All pipes and specials under items 1 to 5 inclusive should conform to B S S 78/1938

The time within which deliveries will be effected has not been specified in your quotation The delivery periods may be adjusted according to the requirements of the Indenting Departments without causing any inconvenience to them

Supplies should conform strictly to the specifications Materials not conforming to the specifications will be rejected at your risk and cost You will be required to replace the same by correct materials without extra cost to the Indenting Departments

Terms of Paym nt —Ninety per cent value of each order will be paid against R/R and the balance to be paid within 30 days from the date of receipt of R/R

It is noted that all pipes and specials will be despatched in good condition after due inspection by the Works Inspector and that no responsibilities will be taken for damages or losses in transit Therefore you have to insure all consignments or book them at Railway Risk whichever is more economical

The rates are subject to revision during the currency of the contract if circumstances justify such revision Should there be any reduction in the cost of raw materials and labour the benefit of such reduction in the rates accepted should be given to us

The above Local Indent No should be quoted in all correspondence relating to this order

Please acknowledge receipt

Letter No.CB.M. 63/54-55 dated 9th July 1954 from the Municipal Commissioner, Mysore City Municipality, requesting in the circumstances explained, orders of Government permitting the Municipal Council to purchase about 4,000 length of pipes from Messrs Pandit & Co., or Indian Iron and Steel Co., Ltd., or from both required for the water supply improvement works in Mysore City.

2. Un-official Note No 358 dated 17th August 1954 from the Secretary, Stores Purchase Committee, on the subject.

- - - -

ORDER NO. LD 7759-61/ CM 42-52-34

Dated, Bangalore, the 24-9-54

The Municipal Commissioner, Mysore City Municipality, reported that the present supply of pipes for Mysore City is inadequate and that there are complaints from all the four corners of the City about faulty distribution of water because the capacity of the present pipe lines is too inadequate to serve the various localities taken and requested sanction to the above proposal to place orders for the supply of 4,000 lengths of pipes with Messrs Pandit & Co., or Indian Iron and Steel Co., or both to obviate the water supply difficulties.

2. The Secretary, Stores Purchase Committee who was consulted in the matter stated that the rates tendered by Messrs Pandit & Co., and South India Agencies Co., are no doubt higher than the Stores Purchase Committee rate contract prices and suggested that as Messrs the Mysore Iron and Steel Works, Bhadravathi are not in a position to meet the supply required by the Mysore City Municipality, the proposal may be approved in view of the urgency indicated by the Municipal Commissioner.

3. Having considered the urgency of the case, Government are pleased to sanction the proposal of the Municipal Council, Mysore, to purchase about 4,000 lengths of pipes from any of the above firms or from both required for the water Supply Improvement works.

By order,

(V Venkatanthappa)

knr-8/23.9

Letter No. CE/SW-6 dated 9th July 195 from the Municipal Commissioner, Moreville Municipality, regarding the complaints, orders of Government granting the Municipal Council to purchase about 4,000 lengths of pipes from M/s Ashok Iron & Steel Co., Ltd., or from both required for the water supply improvement works in Moreville City

A non-official note No. 458 dated 17th July from the Secretary, Stores Purchase Committee, on the subject

---

G.O. (Ms) No. 1159-61/ CM 42-54-34

Dated, Fort Moreno, the 24-9-54

The Municipal Commissioner, Moreville Municipality, reported that the present supply of pipes to the locality is inadequate and that there are complaints from all the four corners of the city about faulty distribution of water because the capacity of the present pipelines is too inadequate to serve the various areas and requested Government to accord sanction to place orders for the supply of 4,000 lengths of pipes with M/s Ashok Iron & Steel Co., or Indian Iron & Steel Co., Ltd., or from both required for the water supply improvement works in Moreville City

The Secretary, Stores Purchase Committee, now constituted in the matter stated that the rates tendered by M/s Ashok Iron & Steel Co., and Indian Iron & Steel Co., are to be counter-offered at the lower rates contracted by the Moreville Municipality, but if they are not in a position to effect the supply required by the Moreville Municipality, the proposal may be approved in view of the urgency indicated by the Municipal Commissioner

Government considered the urgency of the case, Government are pleased to sanction the proposal of the Municipal Council, Moreville, to purchase about 4,000 lengths of pipes from any of the above firms or from both required for the water supply improvement works

(Ms. Ramanathan)
for Secretary to Government,
Local Self and Planning Departments.
